

# Precise Planning for Personalised Learning

## Event Details

In this session, leaders from Sunningdale School in Sunderland will describe the processes involved in the school's highly personalised planning for individual pupils and how this is practically facilitated at a classroom level. This will include the triangulation of aspirational goals, personalised learning plans, therapeutic input, classroom use of engagement motivators and qualitative assessment. Sample documents will be shared with delegates.

**This session will be appropriate for those in specialist or mainstream settings developing personalised learning towards aspirational outcomes.**

## Key Takeaways

- A bank of resources to support you in your own setting
- Understand how to achieve '**aspirational outcomes**' for all pupils in the classroom
- Expert advice and facilitation from James Waller, Head Teacher at Sunningdale school.

**£50 per delegate**

### Date

Wednesday 18th October

### Time

13:00 - 15:00
